

## Molnupiravir Prescribing

Updated 6/3/22

### Prescribing Tips

- Prescriptions should be sent directly to the patient's preferred pharmacy. (Do not send to a BJC pharmacy unless the patient prefers to have it filled there.)
- To locate pharmacies that stock COVID-19 therapeutics, use the filter in Epic to search (screenshot below). A zip code or city can also be added to the search.

Molnupiravir is available at many retail pharmacies including:

- Barnes Jewish Hospital Pharmacy, 7 days a week
- Family Care Pharmacy CH, Monday through Friday
- Family Care Pharmacy MBMC, Monday through Friday
- Family Care Pharmacy AMH, Monday through Friday
- CVS
- Walgreens
- Walmart
- Sam's

The screenshot displays the 'Pharmacy Search' window in Epic. On the left, there are input fields for Name, Address, City (cottage grove), State (WI), and ZIP. Below these are checkboxes for 'Clinic's nearby ZIP codes (535xx)' and a 'Filter Search Results' section with radio buttons for 'All', 'Mail order', 'My organization', 'Retail', 'Long-Term care', and 'COVID-19 Therapeutics' (which is selected and highlighted with a red box). A search button is at the bottom left. The main area shows 'Suggested Search Results' with 'Results found: 1.' and a table of results.
