

Emma Means

University of Missouri-Columbia

Emma graduated from Farmington Senior High School in 2017. She writes:

Dear Donors of the BJC Scholarship,

I wanted to express my extreme gratitude for the opportunities this scholarship has provided me. This scholarship has lessened the amount of financial stress on my parents and has allowed me to spend three years so far at the school of my dreams, Mizzou. I am currently in my first year of nursing school which is going well. I am extremely thankful for this scholarship for giving me the chance to be the first in my family to go to college. My college career would not be possible without the generous donations of people like you. I hope to continue my good grades going into this next semester and year and can't wait to graduate and possibly work for a BJC hospital in the future.

*Thank you,
Emma Means*
