BJH Clayton Avenue Building Megacode Skills Sessions

4353 Clayton Avenue, St. Louis 63110

Room 200

*Training Center (TC) is established by contract at the discretion of the AHA. TC is responsible for the administration and quality of ECC courses by aligned instructors and Training Sites (TS). TS's are training locations operating under the TC, but in a separate location, and must meet the same standards as TC's with regards to equipment, course cards, and instructors for each discipline it will teach. Other training locations (TL) provide courses, but utilize the TC for some operations, equipment, support and provide all course rosters/records to the TC for filing.
